**Twitter** <https://twitter.com/ABMilliren>

Capable music and media educator offering history of academic excellence coupled with resourceful and dedicated nature. Contributes to school event coordination and fundraising efforts, including contributions to local charities. Philanthropic mindset focused on community involvement. Pursuing a doctoral degree in Instructional Technology and Design to improve education and accessibility for all learners.

## Work History

**Dec 1999 - Teacher**

**Current**

*Elizabeth Forward School District, Elizabeth, United States*

Choral Education

- Coordinated concerts, competitions, special events and music exams for 150+ students.
- Participated in Pennsylvania Music Educators Association as festival host, festival accompanist, audition adjudicator, and presenter. Created online scoring system for auditions for District 1.
- Organized and collected money and forms for music department field trips and programs.
- Founded TriM Honor Society Chapter which has completed many hours of community service and worked with younger ensembles across district.
- Orchestrated and implemented teacher workshops for professional learning to carry out vital training.
- Controlled microphones, sound levels and outputs to produce high-quality tracks for variety of clients.
- Used Finale, Sibelius, GarageBand, and Logic Pro to mix and edit tracks for rehearsal and post-production deployment.
- Instructed students to record and create music using GarageBand.

Media Educator

- Executed live productions across multiple platforms.
- Coordinated technical aspects of productions, including camera shots, graphics and compliance with regulations.
- Worked with student teams of camera operators and photography team to optimize equipment and effects choices.

- Developed ideas, produced and edited vast types of projects for various media and platforms.
- Oversaw day-to-day operations for school broadcast team specializing in creating videos for webcasting, commercials and special events.
- Developed promotional materials, including posters and videos for school brand and events.
- Instructed students in use of Adobe Suite with emphasis on Premiere.

#### Yearbook Educator

- Proofread, edited, and evaluated final copy to verify content aligned with established guidelines.
- Used Adobe Photoshop and Adobe Lightroom to crop, invert and control light and color properties of photos.
- Organized shoots from planning, scheduling, and styling to post-production.
- Created digital asset management system to increase security, organization and searchability of digital assets.
- Instructed students in use of Adobe Suite with emphasis on Photoshop and Illustrator.
- Educated students on proper techniques and settings to take photographs.
- Managed business operations of yearbook and led fundraising campaigns to offset cost for student body.

#### Other Duties

- Designed, implemented and monitored district web pages, and functionality for continuous improvement.
- Created and implemented database designs and data models.
- Created scripts and processes for data integration and maintenance for various in-house databases.
- Developed action research activities by performing data collection, evaluation and analysis for Apple's Distinguish School Research Team.

◆ Mar 2020 -  
Current

### **Graduate Assistant**

*West Virginia University, Morgantown, WV*

- Designed course materials and supported implementation.
- Conceptualized course format, subject matter, and presentation.
- Planned and monitored implementation of technology-based learning programs.
- Targeted diverse learning modalities in development of new course content and training programs.
- Contributed to development of comprehensive employee training courses.
- Co-created 8 and 16 week long courses based on need.
- Effectively implemented best training practices and adult learning principles in planning and creation of instructional materials.
- Worked closely with instructors to prepare online materials, content, and tools to facilitate training.
- Planned website development, converting mockups into usable web presence with HTML coding.
- Conducted testing and review of website design for responsiveness, clarity

and effectiveness.

- Ensured website, courses, and email campaigns were accessible in compliance with Quality Matters
